

## Float Away

## Dog Slaughter Beach

Down Delaware River  
I went with her  
We pulled over by the silvery blue  
Leather seat Chevy  
Sticky and sweaty  
We went swimmin in our birthday suits

A sleepy mamasita  
Thermos of margaritas  
We're never gonna make it back to New York now  
Freckles on your shoulder  
Get me growin older  
I gotta be holdin on to you somehow  
Before you

Float away  
Float away  
Gone to stay  
And never return

I keep an old photo  
When I ride solo  
Hidden away on the driver's side  
Torn and out of focus  
I don't notice  
Til I was cleanin out the van last night  
Tucked away sweetly  
In an old CD  
Between the pages of the liner notes  
How could I forget you  
Like I never met you  
Mama, I never shoulda let you go  
Let you

Float away  
Float away  
Gone to stay  
And never return

Maybe I'll see her  
In an old theater  
When I'm rollin like a rolling stone  
Pickin out a new tune  
Lookin round a big room  
In Baton Rouge or San Anton  
On a Saturday night  
Underneath the spotlight  
We'll communicate a secret song  
That I could never do right  
Never knew the good life  
Always packed up  
Soon to be gone  
And I just

Float away  
Float away  
Gone to stay

And never return  
Never return
