

Thinking Of You

Dog Slaughter Beach

I see you downtown
You call my name
You take my hand to lead the way
You hear my song
You think I'm sweet
You lie down next to me
Whatever I do, I'm only thinking of you

You spend my time (You spend my time)
You spend my pay (You spend my pay)
I lose track of entire days (Ooh)
I try to leave (I try to leave)
You stoke my fear (You stoke my fear)
You always know what I need to hear
Whatever I say, I cannot push you away

On the balcony
Reachin' out to me
Am I in love now? (Love now?)
My sunshine, lifetime
Am I in love now? (Love now?)
Love now
Love now (Love now)
Love now
