

AAAHH MEN!

Doja Cat

He's a fight to the death
He's a gun to my head
An impossible friend
Would you take every breath
And put it all in one man?

Amen
Ah men
Amen
Ah

That's a tight suit, mafucka
Those some nice boots, mafucka
Why you always got a light 'tude, lil' brother?
Actin' like we both in high school, mafucka
Word on the streets you a burden to beasts
Boys wanna grab a handful, I'm hurtin' a cheek
Why y'all got a stereotype being sneaky?
Don't you ever let me catch you around in these streets
You know all them bad boys don't treat us nicely
So I give 'em these teeth like Keira Knightly
Do I look like I wanna be pregnant?
Tryna buss all in me like Leroy Jenkins
This got me aching, this got me thinking
Nigga, am I gay or am I just angry?
Am I impatient? I can't stop datin' 'em
And I'm insatiable, I love the taste of 'em

And I have too much tolerance
You ugly and fine as shit
And if I had more common sense
Then I would grab my ride and dip

And I have too much tolerance
You ugly and fine as shit
And if I had more common sense
Then I would grab my ride and dip

He's a fight to the death
He's a gun to my head
An impossible friend
Would you take every breath
And put it all in one man?

You're so vain with your stupid chains
And you're souped-out range
When you look my way
I feel shame 'cause you're such a pain
But my DNA wants your D in me

He got the Tom Ford down, yes, but do he suit me?
Just steamroll past if he can't eat-
For real though, gotta pack a Smith like Willow
Ten toes down as a duvet pillow
Two face, you say? You get zero
You act right, you'll get a movie, limo
2 Chainz, dinner and a smooch down below

And all-new fans yellin', "You my hero"
Men need to cry more, boys need to work
But not when he beg his employee to flirt
Ain't nobody finna force me to twerk
When you're finished with your goon sesh, join me in church
One 'roid away from a 6-foot hole
And that lace front beard ain't my point of concern
If rent get high and we all need a show
They're enjoying the view, let a girl get a turn

And I have too much tolerance
You ugly and fine as shit
And if I had more common sense
Then I would grab my ride and dip

And I have too much tolerance
You ugly and fine as shit
And if I had more common sense
Then I would grab my ride and dip
