

Ain't Shit

Doja Cat

Man

This happened one, two, three times too much
These dumb-ass niggas

Niggas ain't shit
Come up in your crib
All up in your fridge
Can't pay rent
Look at what you did
Listen to your friends
When they say
Niggas ain't shit, 'cause
Niggas ain't shit
Come up in your crib
All up in your fridge
Can't pay rent
Look at what you did
Listen to your friends
When they say
Niggas ain't shit

Umm, you could say that again
Niggas is square like Madison
I can't even really get mad at them
They fall, then I gotta facepalm
Shook him like a 8-ball and it's embarrassin'
Ten-page text, shoulda wrote a book, coulda made a bag
But he broke and he still waitin' 'til I can chill
And he really think I'ma get back to him
Doin' too much, relax a bit
Actin' like that 'cause your dad's a bitch
Must be the way that the planets is
Must be your face 'cause it's not your dick
I'm a freak, not a masochist
Shoulda known you had the baddest bitch
Left on read and can't give head
Really, you ain't shit, need a laxative

Niggas ain't shit
Come up in your crib
All up in your fridge
Can't pay rent
Look at what you did
Listen to your friends
When they say
Niggas ain't shit, 'cause
Niggas ain't shit
Come up in your crib
All up in your fridge
Can't pay rent
Look at what you did
Listen to your friends
When they say
Niggas ain't shit, 'cause

Said that's not cheating
If I wasn't with your ass, yo (Nah)

You kept secrets
And your cousin told me that, so (Your cousin)
Logical thinkin'
Is just something that you lack, so
What you even mad for?
Lookin' like a stick up in your asshole (Damn)
I'm not your mommy, nigga (What?)
Find a new hobby, nigga (Holy shit)
Return, yo, 'fore I get picked up
Your shit's in the lobby, nigga (Yes)
I'm not gon' key your car (Yay)
I'll call your fuckin' mom (Woo, shit)
You should have paid my rent (Woo)
Go get a fuckin' job (Job)

Niggas ain't shit
Come up in your crib
All up in your fridge
Can't pay rent
Look at what you did
Listen to your friends
When they say
Niggas ain't shit, 'cause
Niggas ain't shit

All up in your fridge
Can't pay rent
Look at what you did
