Come

Doja Cat

Let me know you bout to babe
Beg for me and say my name
And when you are I pull away
And start that shit all over again

Baby we can get messy as you want
I wanna roll around in all your love
You got impeccable taste, won't waste a drop
Follow me to my room ya you can come
Come, come, come, come (with me)
You got impeccable taste, won't waste a drop
Follow me to my room yeah we can come

You're so close
