

# Daddy

Doja Cat

You caught me  
She getting naughty  
No doubt about it  
I'll be on time out  
You ask me, "Girl, who yo daddy?"  
I say you're mine now  
You caught me  
She getting naughty  
No doubt about it  
I'll be on time out  
You ask me, "Girl, who yo daddy?"  
I say you're mine now

Put me in the corner  
Rock me in the bedroom  
Give a girl some warning  
Say it ain't no good  
Put me in the corner  
Rock me in the bedroom  
Give a girl some warning  
Say it ain't no good

Did I do that?  
Oh did I do that?  
Shit I put that back on a nigga like watch yo ass  
Like a Siamese cat when I leave that scratch  
Got a nigga like this my belt  
I could take this off, I could give you hell  
Have you screaming like oh my Lord  
But she don't need help  
No no she don't  
Until she wanna talk back, talk back, talk back  
Curse words, big hand, loud slap  
When I come home, was good oh snap  
50 shades man that's your type  
Yo got me blushing man right from the back  
Ain't no cursing, I swear you an ass  
Freak ass nigga I swear you a track  
Yall need that nigga I swear you a dad  
Yo when I got him aching, he ain't taking  
He gone give this ass a spanking  
Don't care how high my ranking  
With these rings on and I thank him  
See I'm panting and those handprints  
How the fuck I'm out here standing  
See how the fuck I'm out here dancing  
He a rough one I can't stand it ugh

You caught me  
She getting naughty  
No doubt about it  
I'll be on time out  
You ask me, "Girl, who yo daddy?"  
I say you're mine now  
You caught me  
She getting naughty  
No doubt about it

I'll be on time out  
You ask me, "Girl, who yo daddy?"  
I say you're mine now

Put me in the corner  
Rock me in the bedroom  
Give a girl some warning  
Say it ain't no good  
Put me in the corner  
Rock me in the bedroom  
Give a girl some warning  
Say it ain't no good  
...
