Doja Cat

I lie, you lie, we lie down down down  
I lie, you lie, we lie down down down  
I lie, you lie, we lie down down down  
I lie, you lie, we lie down down down

Yuh, yuh, yuh, yuh, none a dem boys got caca on ya  
Chacha on ya  
Roll and I drop that on ya, look  
He could be a blaze I don't stop that on 'im, though  
People be amazed that you mine, I'm cornered, look

Pop the pop the pop, pop that thang  
Million of them want that thang  
Brilliant, you Einstein that brain  
What you really want is that timeless baby  
Wifey type  
You lie, we lying down  
Pickin' in up and takin' it off the ground  
Livin' it up vacation cars n crowns  
King and queen gon' make prince n princess  
Ying or yang we got similar interest  
Other fish but they can't get this wet  
Bummy dudes cannot get this rich sex

I lie, you lie, we lie down down down  
I lie, you lie, we lie down down down  
I lie, you lie, we lie down down down  
I lie, you lie, we lie down down down
