

Often

Doja Cat

You must do this often
You must do this often
You must do this often
You must do this
Oh-oh-oh-oh, whoa

Baby, it's so telling
What you can do
It's a simple understanding
Between me and you

Oh, because
'Cause when you run your tongue up my thigh
I can't help but wonder, hmm, why?
You got so much more up yo sleeve
You wanna make sure I don't leave
I won't, and what is this now?
You must make your daddy so proud
Way you bump n' grindin' on me
You got more than something I need

You must do this often
Practice on me or perform
You must do this often
Because I really want more
You must do this often
Makin' my way to your door
You must do this
Oh-oh-oh-oh, whoa

I just wanna watch us again and over again
Superstar
Professional
You already read the room
I wanna do intervals
Let that soak in

'Cause when you run your tongue up my thigh
I can't help but wonder, hmm, why?
You got so much more up yo sleeve
You wanna make sure I don't leave
I won't, and what is this now?
You must make your daddy so proud
Way you bump n' grindin' on me
You got more than something I need
