

Take Me Dancing

Doja Cat

You're so raw, boy, and you're so romantic
When you fuck me right and then you take me dancing
It gets lonely out here in this big ol' mansion
In these hills cooped up, boy, can you take me dancing?

Left, right, bend, slide
Hips, waist, spin, hold it
Tick, tick, tick (Are you ready?)
More body, less mind
Left, right, bend, slide
Hips, waist, spin, hold it
Tick, tick, tick (I'm gettin' ready)
More body, less mind

Pullin' up
Stay invited
Bring a sidekick
Come save me from
My emotions
Babe, you're psychic
Bottled them up so you can sip me out

Laying on my lounge
Just chasin' my high
Waiting for your call
To take me tonight

You're so raw, boy, and you're so romantic
When you fuck me right and then you take me dancing
It gets lonely out here in this big ol' mansion
In these hills cooped up, boy, can you take me dancing?

Left, right, bend, slide
Hips, waist, spin, hold it
Tick, tick, tick (Are you ready?)
More body, less mind
Left, right, bend, slide
Hips, waist, spin, hold it
Tick, tick, tick (I'm gettin' ready)
More body, less mind

More body, less mind
I'm gettin' ready
I'm gettin' ready
I'm gettin' ready
I'm gettin' ready
