

# Burning Tears

Dokken

I See Your Face  
In The Distant Sun  
Bitter Winds Of Change  
Watch Me Growing Old  
My Long Awaited Love  
I Hope That You Return  
Can You Find Your Way To Me  
Through These Passing Years  
Thoughts Of You Are Callin  
I Can Feel You Fallin  
They Say What's Done Is Done  
When There's Nothin Left To Lose  
Nothin Left To Lose  
Leave The Past Behind  
And All Those Wasted Years  
It's Hard To See The World  
Through Those Burnin Tears  
Leave With No Regret  
No Bitterness To Feel  
All That You Have Left  
Is Waiting In The Fields  
Broken We All Are  
But Somehow We Survive  
Rise Up From Your Loneliness  
And Cast Away Your Fears  
Thoughts Of You Are Callin  
I Can Feel You Fallin  
They Say What's Done Is Done  
When There's Nothin Left To Lose  
Nothin Left To Lose  
Leave The Past Behind  
And All Those Wasted Years  
It's Hard To See The World  
Thru Those Burnin Tears  
No Bitterness To Feel  
All That You Have Left  
Is Waiting In The Fields  
Broken We All Are  
But Somehow We Survive  
Rise Up From Your Loneliness  
And Cast Away Your Fears  
Thoughts Of You Are Callin  
I Can Feel You Fallin  
They Say What's Done Is Done  
When There's Nothin Left To Lose  
Nothin Left To Lose  
Leave The Past Behind  
And All Those Wasted Years  
It's Hard To See The World  
Thru Those Burnin Tears
