

# It's Another Day

Dokken

Give me a reason  
To let you back into my heart  
Such a contradiction  
We were foolish from the start

Wasted days  
And wasted nights  
We can't do this anymore

It's just another day  
Life goes on without you  
It's just another day  
No more tears, no more tears  
Anymore

My resurrection  
Is where do we go from here  
I tried to reach you  
But it seems you're just too far

Wasted days  
And wasted nights  
You know you broke me in pieces

It's just another day  
Life goes on without you  
It's just another day  
No more tears or sleepless nights  
Anymore

I look down into your well  
How deep does it go  
That darkness that I see below  
Show me the light and hope in your eyes  
Evermore

It's just another day  
Life goes on without you  
It's just another day  
No more tears or sleepless nights  
Anymore

It's just another day  
Life goes on without you  
It's just another day  
No more tears or sleepless nights  
I see no light or hope in your eyes  
Anymore
