Dokken

Standing on the abyss
You know I'm looking down
The ones at the top
You know they're gonna pave the way

Watchin' as my world's burnin' down
Should I stand here and watch it all fall away?
Is our time almost over?
Watchin' the clock runnin' down

We gotta take a stand
Or the're gonna take us down
We gotta take a stand
Or they're gonna take us down
Take us down

All of the questions
They need an answer, no reply
All of the whispers so we don't hear them
But we still hear

I'm standing on the abyss
Lookin' down
I'm watchin' the world
Spinnin' round

We gotta take a stand
Or they're gonna take us down
We gotta take a stand
Or they're gonna take us down
Take us down
Take us down
