

## Santa Fe

Dokken

I was born in LA  
By the ocean with the breeze  
Never saw no reason to leave  
Down on Sunset boulevard  
Stay up till the morning with my friends

Then I'd sleep an hour or two  
Head up to my job  
It seems they never lasted too long  
When I got a little older  
I could see the world was changing, just like me

All around there's too many people everywhere  
Just a crowd, it's too loud  
When I was traveling around the world always missing home  
Finally realized maybe now it's time to go  
Everything had changed I felt so alone

So I packed up all my bags  
Started down a very lonely road  
Time to leave my home  
Searching for a new place  
That I could call my own

I was riding in the desert on my old horse  
A bottle of whiskey to keep me company  
Along the way  
Cause I knew  
It would take some time to get to Santa Fe

Out into the desert  
Someone told me there's a place  
Far away  
So if you're looking for me  
Maybe you might find me in a place  
Called Santa Fe

Oh Santa Fe  
I need to find a place to get away  
Oh Santa Fe  
Far away, in Santa Fe

Will I find some peace of mind  
Hope it's not too far away  
To find my way  
Santa Fe
