

Outta My Mind

Doll Skin

Don't tell me to pray
When no ones answering my prayers
Staring at my phone
While they all dance in pairs
I'm saving myself this time
I can't fill the holes with friends
The drugs will eat my mind
Ghosts in the walls
They keep me company at night
I'm saving myself this time

Now I wanna get wanna get get outta my mind
If I keep thinkin' I'll just keep wanting to die
Life doesn't feel right
But through the storm I see the sunshine
So I'm gonna get gonna get get outta my mind

I'll pull back the curtains so
You can see me walk the wire
Don't break out the scissors
Just to see me fall in the fire
I'm saving myself this time
When does it stop?
Will I ever find the one?
Will they ever love me
The way that I had loved you once?
I'm saving myself this time

Now I wanna get wanna get get outta my mind
If I keep thinkin' I'll just keep wanting to die
Life doesn't feel right
But through the storm I see the sunshine
So I'm gonna get gonna get get outta my mind

Dance through this with me
Through this negativity
I will rewrite my past
Give me a second please
Take a moment to breathe
Danger is nowhere to be seen
Give me the space I need
It's time I learn to love me

Now I wanna get wanna get get outta my mind
If I keep thinkin' I'll just keep wanting to die

Now I wanna get wanna get get outta my mind
If I keep thinkin' I'll just keep wanting to die
Life doesn't feel right
But through the storm I see the sunshine
So I'm gonna get gonna get get outta my mind
Outta my mind!
