

When They Show Their Teeth

Doll Skin

Na-na-na-na-na-na-na-na-na-na-na-na-na-na-na

Nightmares do come true
The monsters come to life
They're waiting at the door
And there's no place to hide
I've got cuts on my clothes
They won't dare give up
We've found our safe spot
But it won't be long because

Na-na-na-na-na-na-na-na-na-na-na-na-na-na-na

With venom in their words
Better run before they bite
With a knife by my side
Stay close behind
Just follow me
When they show their teeth, yeah

They can haunt you just like ghosts
And get into your mind
Rip your ambitions apart
But we will be close behind
Go where no one can find
Why don't you join us?
I used to hide in the shadows
But now I've sharpened up

Na-na-na-na-na-na-na-na-na-na-na-na-na-na-na

With venom in their words
Better run before they bite
With a knife by my side
Stay close behind
Just follow me
When they show their teeth, yeah

When they show their teeth
The ghosts are getting closer
The temperature gets colder
Stroke of midnight, show their colors, yeah

With venom in their words
Better run before they bite
With a knife by my side
Stay close behind
Just follow me
When they show their teeth, yeah

Na-na-na-na-na-na-na-na-na-na-na-na-na-na-na
