Dolla

Yea.....Yea...  
This dedicated to Oscar Grant,  
His mother, daughter, and ant,  
Say a prayer...Cause their never see there family again...  
To the Cops I'm just a nigga they don't see I'm a man..  
Tryna provide for my family the best way that I can..  
Mehserle somewhere off in the county PC'd up...  
If the right nigga catch him I hope his ass get took..  
Broke my heart when I heard I just knew we would ride..  
But nobody said a word we all kept quiet...  
And I....Still ain't forgot about about Sean Bell...  
Emmett Till...Rodney King...And all the brothers who fell...  
To the hands of another man behind a badge..  
CO's ain't no different neither nigga fuck a badge!  
You just a worker a house nigga back from the past  
A undercover in my eyes you just like a fag...  
Rappers rappin bout they prada purses all of that  
But I'm in the hood where niggas hurtin where was yall at?  
One more time for Obama bruh congratulations  
Until this year I didn't know about a Inauguration  
We been waiting on a change now its coming  
But we all gotta stick together and do something  
From the era where food stamps look like money  
Down south country slang they say we talk funny  
But we out here hungry looking for a victim  
Tryna make it where our kids ain't gotta grow up in the system  
Don't mind hurtin a nigga that ain't my intentions  
Just eliminating whats in the way of me & my missions..  
Play my position & leave the rest in God's hands..  
You can't stop what I got going this is God's plan..  
My homie took some shots I'm hoping he gonna walk again...  
My nigga Cooley left before I got to talk to him...  
I'm gettin older now..I'm wiser now I'm starting to think..  
My ship starting to float away...Yo ship starting to sink  
Cut a pussy nigga open bet he bleed pink..  
I bet I drag mink across marble floo's condos...  
I been with the business since I was Snot nose...  
Young nigga from the gutta, dirt, and potholes.....GONE!
