

# Blue Smoke

Dolly Parton

Blue smoke climbin' up the mountain  
Blue smoke windin' round the bend  
Blue smoke is the name of the heartbreak train  
That I am ridin' in  
I left a note I wrote I'm leaving  
And I won't be coming back  
Blue smoke rolling, rolling, rolling  
Rolling, rolling down the track  
Oh, click-ad-ee, click-ad-ee, click-ad-ee clack  
Just stay on track an' never look back  
Choo-choo, choo-choo, woo-woo-woo  
Blue smoke is comin' through

Oh I know I'm gonna miss you  
But I hope it ain't for long  
And I wonder if you're even gonna notice that I'm gone  
Oh it hurts to know you cheated  
And it hurt to know you lied  
But it hurts me even worse to know you never even tried

I packed my suitcase full of heartaches  
Headin' to the train depot  
And I bought a one-way ticket  
On that train they call Blue Smoke  
Left the station straight-up midnight  
Feelin' lonely, lost and blue  
In a trail of blue smoke with my heart broke  
Said good-bye to you

Blue smoke climbin' up the mountain  
Blue smoke windin' round the bend  
Blue smoke is the name of the heartbreak train  
That I am ridin' in  
I left a note I wrote I'm leaving  
And I won't be coming back  
Blue smoke rolling, rolling, rolling  
Rolling, rolling down the track  
Oh, click-ad-ee, click-ad-ee, click-ad-ee clack  
Just stay on track an' never look back  
Choo-choo, choo-choo, woo-woo-woo  
Blue smoke is comin' through

Blue smoke climbin' up the mountain  
Blue smoke windin' round the bend  
Blue smoke is the name of the heartbreak train  
That I am ridin' in  
I left a note I wrote I'm leaving  
And I won't be coming back  
Blue smoke rolling, rolling, rolling  
Rolling, rolling down the track
