

Celebrate The Dreamer In You

Dolly Parton

There's a star in all of us
We're all diamonds in the rough
We're little engines chuggin' down the line
There are dreams we hold inside
Waitin' 'til the time is right
So keep the faith you'll have your time to shine

Celebrate the dreamer in you
Only you can make it come true
Dream more, learn more, care and be more
Wishes do come true
Celebrate the dreamer in you
Celebrate!
Celebrate the dreamer in you

Let nobody block your path
Allow nothing to distract
The passion and desire inside your heart
There is nothin' you can't do
There's no dream that can't come true
With faith and love and trust enough to start

So celebrate the dreamer in you
Only you can make it come true
Dream more, learn more, care and be more
Wishes do come true
Celebrate the dreamer in you
Celebrate!
Celebrate the dreamer in you

Just look around at those on top
They held their dreams and never stopped
Planted them in fertile fields
Watched them as they grew
Little engines, proud and bold
Never faltered 'neath their load
Saw their destination through
And you can too

Celebrate the dreamer in you
Knowin' you can make 'em come true
So dream more, learn more, care and be more
Do all you can do, ooh-ooh
Celebrate the dreamer in you
Celebrate!
Celebrate the dreamer in you
Celebrate!
Celebrate the dreamer
Celebrate the dreamer
Celebrate the dreamer in you
Celebrate the dreamer in you
Celebrate!
Celebrate the dreamer in you
Celebrate, celebrate the dreamer in you!
