

I'm Here

Dolly Parton

Got your pajamas on
A storybook, a song
A hug so tight, a kiss goodnight
I'll leave the nightlight on
No need for you to fret
No need to be upset
I'm just outside so close your eyes
You're safe and sound at home

I'm here
I'm near
Close enough to hear you when you call
I'm here
Don't fear
'Cause I'm the one who loves you most of all
Don't cry
Here's why
You're always in my heart and on my mind
I'm here
Is that clear?
But even mommies need a little time sometimes
I'm here, I'm near, don't fear, you'll be just fine

I'm here
I'm near
Close enough to hear you when you call
I'm here
Don't fear
I'm the one who loves you most of all
Don't cry
Here's why
You're always in my heart and on my mind
I'm here
Is that clear?
Even mommies need a little time sometimes
I'm here, I'm near, don't fear, you'll be just fine
One more time!
I'm here, I'm near, don't fear, you'll be just fine
