

Imagination

Dolly Parton

When I'm feeling sad
Frustrated or I'm mad
When no one understands my situation
I tell you what I do
And you an do it too
I run away in my imagination

In my imagination I can always go
Anywhere I want to go
All the way to Mexico
I, I, I, I
And you can be a hero
Accept my invitation
So come along and sing my song
Use your imagination

Now trouble always waits
We all make mistakes
And time out in our room for what we've done
Sit around and wine
Make good use of your time
Use your imagination
And have fun

In my imagination I can always go
Anywhere I want to go
All the way to Mexico
I, I, I, I
And you can be a hero
Accept my invitation
So come along and sing my song
Use your imagination

In my imagination I can always go
Anywhere I want to go
All the way to Mexico
You can be a hero
Accept my invitation
So come along and sing my song
Use your imagination

I, I, I, I
Use your imagination
Use it
