

Loneliness Found Me

Dolly Parton

Loneliness found me one time too many and I cheated I cheated o
n you
But I'd give my soul now if only I hadn't but you see what lone
liness can do
It seems that you're gone so much from me
And I try to find things to do while you're gone
But I get so lonesome from stayin' at home and it's hard to enj
oy things alone
Loneliness found me just one time too many and I cheated yes I
cheated on you
But I'd give my life now if only I hadn't but you see what lone
liness can do
Loneliness found me
