

Everywhere I Go

Dom Kennedy

It's Friday night she just wanna party
Dom Kennedy on the vocals
Ricky Hil told me just record it
Niko G4 gon get it started
Still the same nigga from day 1
We make that money it don't make us
We never taste pussy cause it chase us
Niggas saying fuck while they bitch lick nuts get fucked
I was raised where they banging in they chucks
No love for a slut I can give 2 fucks
Only worried bout this money gotta get my funds up
So I'm grinding late night til the fucking sun up
Focused on this cash man I gotta get more
Think about the rate for the brand new Ghost
Bad hoes choose up cause they already know
They just wanna count money, sucking niggas slow
She been [?] for a minute she been creeping on the low
Had a bitch running errands get the papers from the store
I'm the same real nigga, the same G4
All these hoes pull up everywhere we go like

Everywhere I go [x5] go
Everywhere I go [x5] go
Everywhere I go [x5] yeah
Everywhere I go go
Everywhere I go [x3]
You already know know

All she wanna do is count money [x3] all she wanna, yeah
All she wanna do is count money [x3] yeah, yeah

Yeah, everybody listen pay attention
Shout out to that nigga Vic Mensa (uh huh)
But i don't see no one as competition (nah)
I gave my first roolly to my daddy (yeah)
Weed bags big like a caddy
I might take her home in 2 seconds (uh huh)
Stack of new 100's so [?]
She on that OPM shit now
Focus on dough cause I gotta get more
Have my own building with my name on the side
Let my chain swing like just got drafted
Running through hoes like I pay for the Texans
She been choosing for a minute she been creeping on the low
Gotta take hair balm almost everywhere i go
Still the same fly nigga pulling up to the store
Can't wait to get back on the road
Them hoes waiting on me

Everywhere I go [x5] go
Everywhere I go [x5] go
Everywhere I go [x5] yeah
Everywhere I go go
Everywhere I go [x3]
You already know know
