I'm feeling like 2Pac on this
I fight the urge everyday
I wanna bite your curves everyday
You better give this heavy play
Your ass could make the Chevy scrape
Water makes the levees brake
That Rollie with the prezi face
Your body like a eighty-eighty

I'm talking chromed out Bimmers On gold Alpinas With the chromed out speakers And the chromed out tweeters Them chromed out Bimmers

You know I had that 7 series
Believe it was the 760
All white with the beige guts
Slide for my niggas that were caged up
She know when I'm in stunt mode
Real hoes know when I'm in stunt mode
That Rolex rose gold
Yeah, that Jesus piece hang low
Them boys doing tax fraud
Wanna swipe a young nigga black card
I just bought another black R
She just had to go and tat "R"

Random, but I'm in another tax bracket
Nevermind me, I always fuck her ass backwards
You know we run this rap game
I couldn't run a lap on the track mane
Run the rap game like a trap mane
Fat nigga, fast money, just the facts mane
Run the rap game like a trap mane
