

I grew up sandwiched up
Between my oldest sister and my youngest one, Danica
I didn't have plans for much, just lamping up
And used to confuse nice things with the fancy stuff
I'm a back in the day nigga
I'm a westside Crenshaw official LA nigga
Money still don't make me
You don't wanna see a nigga pull out off safety
Your girl still wanna date me
She wanna hit the mall, I'm here come take me
Tell her just don't rape me
Bust a nut give her dap tell her get home safely

Lately, Lately
When I roll up heads turn my tops up
Lately, Lately
Niggas don't really want no problems
Lately we make all the girls strip at the pool party
Summertime, I'm talking bout LA, I'm talking bout lately I'm repping LA
Lately that's what I'm talking bout

I been up but it don't mean much
What's the good in being on when your whole fucking teams stuck
I'm trynna help lift their dreams up
I'm not happy in the playoffs I'm trynna pick some rings up
When life's hard get harder, think big think smarter
Be a boy be a man be a martyr
I used to catch a game with my father
And now I catch planes to Chicago
A nigga felt the pain of the bottem
And now I chalk game up in Harlem
2 gold chains what's the problem
A nigga work hard so I got em
Them Jordans go hard so I got em
That nigga seen mines then he got em
So in us we trust
Hoes down G's up
Spend money Re Up
School days free lunch
Never quit, keep up
You gotta hit the weed once
Sky high reach up
We don't like police much
One nation teach us
God bless peace up

Lately, Lately
When I roll up heads turn my tops up
