

## Popularity

Dom Kennedy

You been on my mind since we met, love  
So nasty they forgot what triple X was  
I put two fingers up and all the experts  
With Dom K she do her best work  
In my world they judge a man by his net worth  
Teach him how to buy clothes, not invest first  
Chain hanging on my Gosha sweatshirt  
The Grey Goose in my system make the Benz swerve  
Don't change who you are for popularity  
If she trippin' just let her leave  
No shame in my game, I'ma let it be  
Keep everything so letter G  
She asked me how I know so many strippers  
She asked me how I know so many strippers

We been gettin' it in  
We been gettin' it in (we have)  
We been gettin' it in  
Shit, I ain't gone front (no)

Since Troy Aikman, I been penetrating  
Got authentic tags on my jersey's  
2 a.m. but to me it's still early  
And sometimes fine bitches curve me  
I don't get upset, I get massages  
And 12 packs of Hanes socks at the Target  
Been hit Balenc', told em charge it  
Stacks was against me cause I'm dark skin  
Me and number 7 in the same boat  
I love Malcolm X too, I got the game sewn  
I don't get to sell shit to get my chain froze  
Diamond in the ruff, ya'll rainbows  
I got on all black with these Stan Smiths  
Don't make me have to hop another damn fence  
Have me on the ropes but I'm cautious  
Pink Ace of Spade, no glasses

We been gettin' it in  
We been gettin' it in (we have)  
We been gettin' it in (haha)  
Shit, I ain't gone front (no)
