

7 Hours

Dominic Fike

Seven hour drive just to get beside you
And I treat it like life or death
Won't do twenty-five to life just for killing time with me
So, could you treat me like I'm worth it?
And what's on at this hour?
Just people talking
"Let's leave your couch," I said
"What's wrong with your bed, and your peace and quiet, let's leave the couch
, " I said

Yeah, seven hours ain't shit
What's with all this talk?
Now I'm sitting in the club
Geminis on call
She said, "Move 'round me, move 'round me, move 'round me, move 'round, yeah
"
Symbolize this relationship
Memorize your face
Now I'm sitting at work
Capricorn all day
She said, "Move 'round me, move 'round me, move 'round me, move"

Seven hour drive just to get beside you
And I treat it like life or death
Won't do twenty-five to life just for killing time with me
So, could you treat me like I'm worth it?
And what's on at this hour?
Just people talking
"Let's leave your couch," I said
"What's wrong with your bed, and your peace and quiet, let's leave the couch
, " I said

Ten percent of the time, trying to convince you, oh baby
Hundred percent of you got all of me, the whole cake
I can't control your life like I control this lighting
Just as long as you don't leave me
Just as long as you don't lie, yeah
You should come, you should come here
Say, what's the point of pulling my leg?
I just wish that you would move 'round me
Move 'round me, move 'round me, move

Seven hour drive just to get beside you
And I treat it like life or death
Won't do twenty-five to life just for killing time with me
So, could you treat me like I'm worth it?
And what's on at this hour
Just people talking
"Let's leave your couch," I said
"What's wrong with your bed, and your peace and quiet, let's leave the couch
, " I said

Fly
Fly
Fly
Fly

Seven hour drive just to get beside you
And I treat it like life or death
Won't do twenty-five to life just for killing time with me
So, could you treat me like I'm worth it?
And what's on at this hour?
Just people talking
"Let's leave your couch," I said
"What's wrong with your bed, and your peace and quiet, let's leave the couch
