

# Frankenstein

## Dominum

That man you've all heard of  
The one to set the plot  
He had the vision and the skill (whoa-oh, whoa-oh)  
Working for days on end  
Building with his own hands  
The monster that was bound to thrill (whoa-oh, whoa-oh)

And when the work's completed  
The monster started breathin'  
Got up and took his heels  
To not return again

He's the father of creation  
From despair to exaltation  
He was first in line  
Frankenstein!  
Time has come for better creatures  
Time has come for something bigger  
We can leave behind  
Frankenstein!  
Frankenstein  
Frankenstein

That will to change the world  
Sadly, remained unheard  
As everything got out of hand (whoa-oh, whoa-oh)  
No plans of consequence  
So was his ignorance  
And not the slightest went as planned (whoa-oh, whoa-oh)

But there's a new star risin'  
And he ain't compromisin'  
This time, there'll be no failure  
Now the time has come

He's the father of creation  
From despair to exaltation  
He was first in line  
Frankenstein!  
Time has come for better creatures  
Time has come for something bigger  
We can leave behind  
Frankenstein!  
Frankenstein

Frankenstein  
Frankenstein

Authentic mastermind  
Remastered humankind  
We gotta redefine

He's the father of creation  
From despair to exaltation  
He was first in line  
Frankenstein!  
Time has come for better creatures

Time has come for something bigger  
We can leave behind  
Frankenstein!  
Frankenstein
