

Dreamkiller

Dommin

We made these dreams and lived imagining
Got lost in sleep
You could have just told me

But you shook me awake
Yeah, you shook me awake

Dreamkiller, yeah you're walking away from me now
Dreamkiller
My eyes are open, I'm painfully aware
Dreamkiller

Ran so free in open fields of green
And swam so deep, so wishfully naive

Then you shook me awake
Yeah, you shook me awake

Dreamkiller, yeah you're walking away from me now
Dreamkiller
My eyes are open, I'm painfully aware
Dreamkiller

Lay your head down slowly
Lay your head and worry not
Have no troubled thought
Rest your eyes, you told me
Rest your mind, I'm all you've got
Worry not, worry not

Dreamkiller, yeah you're walking away from me now
Dreamkiller
Dreamkiller, yeah you're walking away from me now
Dreamkiller
My eyes are open, I'm painfully aware
That this is the end of our torrid love affair
Dreamkiller, yeah you're walking away from me now
Dreamkiller, yeah you're walking away from me
Walking away from me now
