

# I Die

Dommin

You're not alone  
At least not for long  
I'm coming home  
At least until I'm gone again  
At least until I leave I'll try  
Cause every time I leave  
I die  
I die

I'm not alone  
At least not for long  
I'm coming home  
At least until you're gone again  
At least until you leave I'll try  
Cause every time you leave  
I die  
I die

It's taking up my mind  
To keep it all inside  
It's taking up my mind  
To keep it all inside

Keep going  
Not knowing  
If my insides are showing  
All while I clothe myself with lies

Amateur  
So unsure  
Does it get easier with time?

I die  
I die

It's taking up my mind  
To keep it all inside  
It's taking up my mind  
To keep it all inside  
It's taking up my mind  
To keep it all inside
