

## Outer Space

Dommin

Here we are just us at this very time and place  
And we've only got one life to live  
And that's nothing we can waste  
If I were you and you were me  
I would open up my mind  
Open your arms, open up your heart  
You'll be amazed at what you'll find  
And how you'll feel  
How it feels  
Yeah, I'm feeling like we are flying above airplanes  
And I'm feeling like we are flying in outer space  
I believe in love and that it lives in everything  
Raining down from the Lord above  
On the backs of angels' wings  
I have hope for the future and the possibilities so  
Take a little, give a little, take a little, give a little more  
than you receive  
And we're feeling like we are flying above airplanes  
And we're feeling like we are flying in outer space  
Flying high into outer space  
Honey, we are one  
Don't you want to be someone that makes the world a better place  
To be someone that does something great  
To be the one that takes us all to a higher place  
Don't you want to get high?  
Come on and get high  
High to outer space!  
And it's feeling like we are  
Flying above airplanes  
And it's feeling like we are flying in outer space
