Domo Genesis

Now as time moves on and my clout gets bigger  
How many bitches wanna fuck this nigga?

Only fucked once, she complainin how she miss dog (ha ha ha)  
Bitch chill! Ain't nobody trickin over here  
Appeared to have feeling, watch me make them feelings disappear  
Yeah the magician's here, just kickin it  
I'm sick with this pimpin shit, playin hoes ridiculous  
I ain't got love for 'em, only 'bout the grind  
It's hunger in my heart, and desire on my mind  
These others slow behind, I'm speedin through the fast lane  
She pipe blowin no brights though and keep your last name  
I'll let you hit the weed, what else do you really need?  
You high or you're delirious, tellin me you can't breathe  
When you're without me, you don't know how you should be  
High, that's the addiction, this bitch is under my cheese

That's the addiction, this bitch is under my cheese

Articulate terminology, follow me or swallow me  
Shallowly, blow these basics off like kush Cali weed  
Basic meanin basic salary
