

Beautiful Morning

Don Broco

I've been watching the night roll by
And I've been just fine watching the night roll by
Now I've been quite a while inside
Just biding my time watching the night roll by
And I say...

Oi! Who's coming with me?
Oi! Who's coming with me now outside?

It feels like a beautiful morning
It's feeling like a beautiful up, up away, up, up away, coming up, up away

I've been feeding up a big fat smile
Beaming so wide watching the night roll by
And I say...

Oi! Who's coming with me?
Oi! Who's coming with me now outside?

Oi! Sleepyhead you're coming with me
Oi! Sleepyhead you're waking up outside

It feels like a beautiful morning
It's feeling like a beautiful up, up away, up, up away, coming up, up away

Feels like a beautiful morning
It's feeling like a beautiful morning
It's feeling like a beautiful up, up away, up, up away never been this
Awake
And I'll say,

Who's coming with me?
Who's coming with me now outside?

Sleepyhead you're coming with me
Sleepyhead you're waking up outside

Who's coming with me?
Who's coming with me now outside?

Sleepyhead you're coming with me
Sleepyhead you're waking up outside

Who's coming with me?
Who's coming with me now outside?

Sleepyhead you're coming with me
Sleepyhead you're waking up outside

It feels like a beautiful morning
It's feeling like a beautiful up, up away, up, up away, coming up, up away

Feels like a beautiful morning
It's feeling like a beautiful morning
It's feeling like a beautiful up, up away, up, up away never been this
Awake
And I'll say,

Oh yeah!

Feels like a beautiful morning (oh yeah)

It's feeling like a beautiful morning

It's feeling like a beautiful up, up away, up, up away never been this
Awake

Never been this awake,

Never been this awake.
