

I Like It

Don Carlos

Sweet reggae music, yeah
Sweet reggae music
I like it, I like it, I like it, just like that
I like it, I like it, I like it, just like that
Each night I was setup waiting for
The deejay to be on the radio
Playing my favourite songs
Sweet reggae music
Playing my favourite songs
Sweet reggae music
I said I like it, I like it, I like it, just like that
I like it, I like it, I like it, just like that

Sweet reggae music really keep you
Rockin'
Each night I was setup waiting for
My favourite show to be on the radio
To hear mr. deejay play my favourite song
And as it play, I would sing alone
Sweet reggae music
Sweet reggae music
I like it, I like it, I like it, just like that
I like it, I like it, I like it, just like that
