Don Carlos

Oh Aye Aye Aye Aye Mister Magic man Magic man  
Please wave your magic wand your magic wand  
wave your magic wand your magic wand  
Hey Mister Magic man  
I'll Pay you a million bucks to bring my baby back  
To bring my baby back  
She's gone with my future plan has it wrapped up in her  
hand  
And I need her oh yes I need her  
I'm searching countryside and searching town around  
She's nowhere around she just cannot be found  
Only you mister magic man can bring my baby back for me

Travel all around in country and town  
highways and byways mountains and valleys wo wo wo  
Plain and rocky road i'll pay my heavy load,
