House time is any time
And anytime is house

House time is any time
And anytime is house

House time is any time
And anytime is house

And anytime is house time
(House-house-house...)
House time is any time
And anytime is house
(C'mon!)

House time is any time
And anytime is house

House time is any time
And anytime is house

House time is any time
And anytime is house time
House time is any time
And anytime is house

House time is any time
And anytime is house

House time is any time
And anytime is house

House time is any time
And anytime is house
House time is any time
And anytime is house

House time is any time
And anytime is house
(C'mon!)
