

Cheque

Don Diablo

A girl like me works hard for a living
I need that money now boy you better give it
A girl like me works hard for a living
I need that money now boy you better give it

Now where's my cheque, yo
What the fuck I look like
Ain't nobody making my bankroll tight
I be out here eating these hoes
Can't nobody say that I ain't got no appetite
Appetite
Rock up to your door like dynamite
Come to collect that expedite
I ain't going home til I get what's mine

Now where's my cheque?
Where's my cheque?
Pay me money, pay me respect
I need coins
So invest
Pay that dolla bill with your chest

Where's my cheque?
Where's my cheque?
Pay me money, pay me respect
I need coins
So invest
Pay that dolla bill with your chest
Now where's my cheque?

A girl like me works hard for a living
I need that money now boy you better give it (Now where's my cheque?)
A girl like me works hard for a living
I need that money now boy you better give it
Now where's my cheque?

Cos you see me
I need all the receipts
Don't do shit for free
Don D on the beat
Daily seeking the P's
Pockets can't be petite
So show me the greens

Yo, what the fuck I look like?
Ain't nobody making my bankroll tight
I be out here eating these hoes
Can't nobody say that I ain't got no appetite

Where's my cheque?
Where's my cheque?
Pay me money, pay me respect
I need coins
So invest
Pay that dolla bill with your chest

Do you see my diamonds, how they shine?

It takes a lot of dough to
Look this fire all the time
So if you're locked and loaded
Gimme yours and make it mine
Cuz time is money all the time
Gucci, Prada, Calvin Klein
Baby, where is my cheque?

A girl like me works hard for a living
I need that money now boy you better give it
A girl like me works hard for a living
I need that money now boy you better give it
Now where's my cheque?

Where's my cheque?
Where's my cheque?
Pay me money, pay me respect
I need coins
So invest
Pay that dolla bill with your chest
Now where's my cheque?

A girl like me works hard for a living
I need that money now boy you better give it
A girl like me works hard for a living
I need that money now boy you better give it
Now where's my cheque?
