High Low

Don Diablo

Don't know where I'm standing
Thought I was strong
Thought I had it all
But I was wrong
Caught up in your slip stream
Now I can't breathe
Everything is shaking under my feet

Blinded by your halo
Blinded by the light
It's only when you touch me
That I feel alive
I don't understand it
Know I should run
Heading for disaster
What have you done

You're taking me high
Taking me low
Falling so fast
But it's killing me slow
Trying to leave
But I can't let go
Oh, oh, oh, oh, oh, oh

You're taking me high, low, high, low
You're taking me high, low, high, low
You're taking me high, low, high, low
You're taking me high, low, high, low

You're taking me high
You're taking me high
You're taking me high
You're taking me high
You're taking me high
You're taking me high

Every time we fly
I know we're gonna crash
Then we're just walking on broken glass
Covered in bruises over my skin
Every time we lose it nobody wins

Blinded by the halo
Blinded by the light
It's only when you touch me
That I feel alive
I don't understand it
Tell me, is it love?
Heading for disaster
What have we done

You're taking me high
Taking me low
Falling so fast
But it's killing me slow
Trying to leave

But I can't let go
Oh, oh, oh, oh, oh, oh

I'm pulling away
You're pulling right back
Don't stand a chance
When you're lookin' like that
You're taking me high
You're taking me low

You're taking me high, low, high, low
You're taking me high, low, high, low
You're taking me high, low, high, low
You're taking me high, low, oh, oh, oh

You're taking me high
You're taking me high
You're taking me high
You're taking me high
You're taking me high
You're taking me high
You're taking me high
You're taking me high

You're taking me high, low, oh, oh, oh
You're taking me high, low, oh, oh, oh
You're taking me high, low, oh, oh, oh
You're taking me high, low, taking me high, low

You're taking me high, low, oh, oh, oh
You're taking me high, low, oh, oh, oh
You're taking me high, low, oh, oh, oh
You're taking me high, low, taking me high, low
Taking me high
