

Higher

Don Diablo

Maybe I've been down too long?
Maybe I've been stuck inside the letters
All the story that I got on
In my head, in my head

I was caught inside, internalized
Till I fell into you, you, you

I tried to hide away inside the darkest place
Where you keep taking me higher, higher
I still do hesitate right where the light escapes
Where you keep taking me higher, higher

You keep taking me
Y-You keep taking me higher
You keep taking me
You keep taking me higher
You keep taking me
Y-You keep taking me higher
You keep taking me
You keep taking me higher

Like I never even felt the high
In my head, in my head

I was caught inside, internalized
Till I fell into you, you, you

I tried to hide away inside the darkest place
Where you keep taking me higher, higher
I still do hesitate right where the light escapes
Where you keep taking me higher, higher

Pulling me up, up, up
Up, up, up
Up, up, up
Pulling me up, up, up
Up, up, up
Up, up, up

You keep taking me
Y-You keep taking me higher
You keep taking me
You keep taking me higher
You keep taking me
Y-You keep taking me higher
You keep taking me
You keep taking me higher
