

# Into The Unknown

**Don Diablo**

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown

And I am always in the zone  
Forever on my own  
Into the unknown
