

Physique

Don Diablo

Don't need eyes on me, got the party on lock
Basement drunken dreams, no we're never gonna stop
Don't care about no physique, got the party on lock
Good times they come for free
Never gonna stop, no we're never gonna stop

Don't need eyes on me, got the party on lock
Basement drunken dreams, no we're never gonna stop
Don't care about no physique, got the party on lock
Good times they come for free
Never gonna stop, no we're never gonna stop

Never gonna stop, no we're never gonna stop
(Never gonna stop, no we're never gonna stop)
You feel the love coming around
Never gonna stop, no we're never gonna stop
(Never gonna stop, no we're never gonna stop)
You feel the love coming around

Don't care about no physique, -ique, -ique, -ique...
Basement drunken dreams, dreams, dreams, dreams...
Don't care about no physique, -ique, -ique, -ique...
Got the party on lock, lock, lock, lock...

The more that I fit this company, don't wanna get comfortable
I'm vibrating on the scene, feeling untouchable
You won't catch no mood swing
Ain't no way we're losing, just sit back we're cruising

Don't need eyes on me, got the party on lock
Basement drunken dreams, no we're never gonna stop
Don't care about no physique, got the party on lock
Good times they come for free
Never gonna stop, no we're never gonna stop

Never gonna stop, no we're never gonna stop
(Never gonna stop, no we're never gonna stop)
You feel the love coming around
Never gonna stop, no we're never gonna stop
(Never gonna stop, no we're never gonna stop)
Don't care about no physique
You feel the love coming around

Don't need eyes on me, got the party on lock
Basement drunken dreams, no we're never gonna stop
Don't care about no physique, got the party on lock
Good times they come for free
Never gonna stop, no we're never gonna stop

Don't care about no physique, got the party on lock
Good times they come for free
Never gonna stop, no we're never gonna stop...
