

Solar Eclipse

Don Diablo

When I'm with you
It doesn't get better than this
When I'm with you
My heart is in solar eclipse

Interstellar lover, won't you come on over?
Got a head full of diamonds tonight
Take one look at you in the corner of the room
We connect together, crystalize

Let's just slide
Into the sunset sky
Show me the other side
We could be one tonight (We could be one tonight)

When I'm with you
It doesn't get better than this
When I'm with you
My heart is in solar eclipse
Doesn't get better than this

Imma take it lightly
Take a second to let down my hair
Never know what might be
You're taking over but I just don't care

Let's just slide
Into the sunset sky
Show me the other side
We could be one tonight (We could be one tonight)

When I'm with you
It doesn't get better than this
When I'm with you
My heart is in solar eclipse

When I'm with you
It doesn't get better than this
When I'm with you
My heart is in solar eclipse

Light me up, just for tonight
Electric touch, don't say goodbye
When I'm with you
My heart is in solar eclipse
Doesn't get better than this
Doesn't get better than this
Doesn't get better than this
