

Always There

Don Francisco

Closin' the door, I leave the world behind me
Liftin' my hands to you
You're always there
You're always there

All of the joy that this world denies me
Flows from your heart every time
I come to you
Your loves shines through
Every time I come to you

You call me by name, and at the sound my soul rejoices
Heaven descends and your glory fills the air
Every prayer, every heart's desire has found its answer
As you tell me once again that your love will never end
You're my saviour; my friend that's always there

All through the day as your Spirit leads me
No matter where I go, I'm still with you
Though I may walk through the valley's shadow
I will not be afraid, 'cause you'll lead me through

I know that your word is true
And I put my trust in you

You call me by name, and at the sound my soul rejoices
Heaven descends and your glory fills the air
Every prayer, every heart's desire has found its answer
With your arms around me there, you tell me again you care
You're my father; my friend that's always there

You call me by name, and at the sound my soul rejoices
Heaven descends and your glory fills the air
Every prayer, every heart's desire has found its answer
With your arms around me there, you tell me again you care
You're my father; my friend that's always there
You're always there
