

Father, Hear Me Calling

Don Francisco

Deep within the silence
Father, hear me calling
Open to Your son
And lift me to Your throne above
Lord, I need to hear You
Feel Your Spirit near me
Feel Your arms around me
Rest inside Your love

Nothing on this earth
Can fill this thirst and longing
No one else can satisfy
The need within my soul
Come and fill my heart again

With all the love that's in You
Let me see Your glory
Let it cleanse and make me whole

There beside the river
Let my spirit wander
With my Friend and Savior
To hear the voice I love
Drinking sweet still waters
Lying in green pastures
While Your gentle Spirit
Rests upon me like a dove
