

Friend Of My Soul

Don Francisco

Father, Creator and Savior
You are the friend of my soul
From this world and its fear and alarm
From all that would bring me to harm
I run to the shelter of your arms

Father, here in Your presence
Is mercy and the grace that I need
You forgive me for all of my sin
When I'm empty You fill me again
And You give me the strength
To go back to the battle and win

Forever I'll worship and sing
My heart is the gift that I bring
To my God and Redeemer and Father and King

Father, Your children adore You
There is no other like You
No other so holy and true
So loving in all that You do
All glory and honor forever
And ever belongs to You

Forever we'll praise You and sing
Our lives are the gifts that we bring
To our God and Redeemer and Father and King

Forever we'll worship and sing
Our hearts are the gifts that we bring
To our God and Redeemer and Father and King

Father, Creator and Savior
You are the friend of my soul -
No other so holy and true
So loving in all that You do
All glory and honor forever
And ever belongs to You

Forever we'll praise You and sing
Our lives are the gifts that we bring
To our God and Redeemer and Father and King

Forever we'll worship and sing
Our hearts are the gifts that we bring
To our God and Redeemer and Father and King
