

## Grace On Grace

Don Francisco

When God came and lived among us  
We could see His glory shine  
A glory like no one before Him  
Nor will be through endless time

Far beyond the power of angels  
Wholy God, and wholly man  
So full of grace and truth and mercy  
With a Shepherd's gentle hands

Moses gave the Law to bind us  
The prophets spoke just as they had heard  
But Jesus came and lived among us  
And we touched the living word

Seeing Jesus, we saw the Father  
The great Physician, the sinner's friend  
Loving all who would receive Him  
And He loved us to the end

Virgin born, the son of David  
By jealous hatred was crucified

Oh, but the grave just could not hold Him  
And He arose, no more to die

Rising Son of life unbounded  
The light of all, whoever see  
And from His overflowing bounty  
Grace on grace He gave to you and me

When Jesus came and lived among us  
We could see His glory shine  
When He ascended unto the Father  
He made that glory yours and mine

The promised power, His Holy Spirit  
Has come to make our hearts His home  
To shine the righteous light of Jesus  
Until He comes back to claim His own  
'Til He comes back to claim His own
