

## I Love Your Presence, Lord

Don Francisco

I love your presence Lord,  
No more do I desire  
Immersed in holy love  
Baptized in holy fire

Set free to worship you  
So soar upon your wings  
To open wide the door  
And let my spirit sing

I love your presence Lord,  
No more do I desire  
Immersed in holy love  
Baptized in holy fire

The world falls far below  
Your glory comes so near  
My heart just overflows  
Whenever you are here

I love your presence Lord,  
No more do I desire  
Immersed in holy love  
Baptized in holy fire

The old is overcome  
By life that has no end  
And so you fill my soul  
With grace and peace again

I love your presence Lord,  
No more do I desire  
Immersed in holy love  
Baptized in holy fire
