

## Righteous Disgrace

Don Francisco

Lord, You and I know that  
I gave 'em everything I had  
Now I'm headin' for home  
But again I'm feelin' angry and sad  
I did my best to preach Your Word and sing  
But they ripped off part of the offering  
When you're dealin' with your brothers  
You shouldn't have to feel so bad

Lord, I'm gonna keep tryin'  
'cause Your Body's in desperate need  
But I get so tired of the abuse  
The deceit, and the greed  
It's what I expect from the world outside  
But not from the men  
Who're preparing Your Bride  
And they keep gettin' fatter  
While the sheep are just left to bleed

It's a righteous disgrace, it's a sin and a shame  
All of this garbage in Jesus' name  
I know we have to wait for You

To burn up the chaff  
But what can we do for the sheep  
When the wolves are on full-time staff?

Lord, I want to thank you  
For every godly woman and man -  
For every pastor with a shepherd's heart  
And clean, lovin' hands  
Give 'em the strength that they need today  
Answer every single prayer they pray  
But come like a fire, Lord, and burn the rest away

Lord, You and I know that  
I gave 'em everything I had  
Now I'm headin' for home  
But again I'm feelin' angry and sad  
Angry for lies that were told in Your Name  
Sad for the lack of repentance and shame  
When you're dealin' with your brothers  
You shouldn't have to feel so bad
