

Soul Peace

Don Francisco

Soul peace
I'll give ya soul peace
Soul peace
I'll give ya soul peace
If you just come to Me

The troubled times that
This world is filled with
Can overflow
Lonely soul

All of the evil
And the suff'rin'
They take a heavy
Deadly toll
There's no tempest
That can touch you
Here in My tower
So strong and high
Here by My side there's
There's sweet joy and comfort
Yes, there is
'Til the storm
Has passed you by

I'll give you soul peace
In the shelter of My wings
I'll give you soul peace
In the rest My Spirit brings
I'll give you soul peace
In a place your heart can sing
I'll give you soul peace
Underneath My wings

Going your own way
All is frustration
With one small candle
You cannot see
The soul's in darkness
Without My Spirit
The limb is lifeless
Without the tree
But through My blood flows
The peace of Heaven
And in My grace
You're free indeed

Here in My love's light
You'll see forever
And safe in My arms
You'll find the rest you need

I'll give you soul peace
All your heart's been cryin for
I'll give you soul peace
There's no need to worry any more
I'll give you soul peace

If you'll just open up that door
I'll give you soul peace
That you've been longin' for

And when your feet have found the path
Where I have called you
And you learn to walk beside Me
In the way
You'll wake up in the mornin'
In My Presence (yes, you will)
And ease down in My peace
At end of day

You'll live in soul peace
Every night and every day
You'll live in soul peace
Doubt and fear just cannot stay
You'll live in soul peace
That no one here can steal away
I'll give you soul peace
Every night and day
Soul peace
I'll give you soul peace
Soul peace
I'll give you soul peace
I'll give you soul peace
If you just come to Me
