

## Hurtin' Inside

Don Gibson

She told me she love me she told me a lie  
She said I'd be happy then she made me cry  
Well, I'm hurtin' hurtin' inside she called me a baby in front  
of these guys  
She was just flirtin' I wasn't wise now I'm hurtin' hurtin' inside

Tell me what's wrong in me what makes me live in memory  
Someday she'll be sorry just to wait and see  
Someone's a gonna hurt like she hurt me then she'll be hurtin'  
hurtin' inside

...
