

# Just To Hurt Me

Don Gibson

Just to hurt me just to see me sit and cry  
Just to know that you brought teardrops to my eyes  
Just to hurt me that's all you ever do

And just because you know I love you oh so true  
Guess you know that I settle down to be a fool  
Just to hurt me that's all you ever do

My life has no meaning when you're not here  
And though you don't need me I know that you're near  
Oh makes no difference I just hang around and try  
Though you say things that break my heart inside

Just to hurt me mhm that's all you ever do  
Yes just to hurt me that's all you ever do
